People who try Firestone Gray Sidewall Tires are no longer in the ranks of the tire doubters.

They know that at least one make of tires has more miles of wear. They know that the name Firestone carries assurance and that the tires are uniformly good.

The second play of the season to be given in Marshfield by the Nellie Gill Players will be on Tuesday, May 6. The title of the play is "A Run for the Money." There will be dancing and another big evening is anticipated—adv.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful—Adv.

PLAINFIELD

"White Lies," which the Nellie Gill Players will present in Plainfield Saturday night, is by Clyde Fitch, one of the witliest of modern playwrights. Dancing will be enjoyed after the play. Music by Dudley's orchestra—adv.

PROMINENT DOCTORS EXCITED AND AMAZED

They Are Worked Up Over The Action of Phosphated Iron Making The Weak Strong

Victims of weak nerves and run down systems due to lack of pure blood will be glad to know that there is, according to the best physicians a reliable remedy for them.

Many who were steadily going down hill to permanent illness and nervous breakdown have regained perfect health by taking Phosphated Iron, the new blood and nerve food.

One elderly woman said, "I was all in, looked and felt like the last run of a ship, was clear discouraged, without ambition or appetite. Now look at me. I have the good health and bubbling spirits of a girl of eighteen, eat, and sleep well. It made a new man of my husband too. And though we are well along in years we both face the future with confidence, knowing that as long as our blood is charged with good health-giving Iron and Phosphates we are safe."

Again a bookkeeper who used it says: "If ever a man had a case of nerves it was me. I could not sleep at night, the least sound made me jump, appetite gone, everything was up hill work and I felt myself slipping every day. My doctor said: 'Try Phosphated Iron, it is the exact remedy you require.' The first week I improved; my nerves steadied down so that I slept, my appetite and digestion improved, and it seemed to me that I could almost feel the Phosphates and Iron feeding my weak watery blood and tired nerves. I now weigh 25 lbs. more than I ever did, and much stronger."

A prominent physician to whom the above statements were submitted said: "Yes, Phosphated Iron is easily the most wonderful Iron prescription yet discovered. Its ingredients are well known to all blood and nerve specialists and widely prescribed by them. I have used it very successfully in my own practice and cured many patients where other physicians had failed. I can highly recommend it for all cases of weak nerves and poor blood, as well as general loss of tone, with absence of appetite. It seldom fails me in this class of cases."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.
